YAHOO

The screenshot shows the 'Sending e-Invoice to Customer...' dialog box in Outlook. The 'Options' tab is active, featuring a 'Result Log' area at the top. Below it are several controls: a 'Save Settings' button, a 'Send' button, a 'Close' button, and a 'Send Test Msg' button. The configuration fields include: 'Outlook Acct' set to '(None)'; 'Server : Port' set to 'smtp.mail.yahoo.com' and '587'; 'MailFrom' set to 'username@yahoo.com'; and an empty 'SendTo' field. The 'Use secure SSL/TLS' checkbox is unchecked. The 'Authentication' section is set to 'Type: Login', 'Username: username', and 'Password: *****'.

**** NOTE: Username should be WITHOUT the yahoo.com domain attached to it.**

ROGERS

The screenshot shows the 'Sending e-Invoice to Customer...' dialog box in Outlook, configured for Rogers. The 'Options' tab is active, with a 'Result Log' area at the top. Controls include 'Save Settings', 'Send', 'Close', and 'Send Test Msg' buttons. Configuration fields are: 'Outlook Acct' set to '(None)'; 'Server : Port' set to 'smtp.broadband.rogers.com' and '987'; 'MailFrom' set to 'username@rogers.com'; and an empty 'SendTo' field. The 'Use secure SSL/TLS' checkbox is unchecked. The 'Authentication' section is set to 'Type: Login', 'Username: username@rogers.com', and 'Password: *****'.

BELL SYMPATICO

The screenshot shows a dialog box titled "Sending e-Invoice to Customer...". It contains several sections for configuration:

- Options**: A section containing a "Result Log" area with a "Status" label and a scrollable list. To the right of this area are four buttons: "Save Settings", "Send", "Close", and "Send Test Msg".
- Outlook Acct**: A dropdown menu currently set to "(None)".
- Server : Port**: A text input field containing "smtpm.sympatico.ca" followed by a port number field set to "25".
- MailFrom**: A text input field containing "username@sympatico.ca".
- SendTo**: An empty text input field.
- Use secure SSL/TLS**: A checked checkbox.
- Authentication**: A section containing:
 - Type**: A dropdown menu set to "Login".
 - Username**: A text input field containing "username@sympatico.ca".
 - Password**: A text input field containing "*****".

** For authentication, a HOTMAIL email address may also be used in conjunction with SYMPATICO
